Year 10 food tasting

In English, Year 10's are currently studying the Michael Morpurgo novel, 'Kensuke's Kingdom'. To give the class a better understanding of the types of food someone might need to survive on, we will be completing a food tasting activity. During this we will be describing the food colour, texture and taste using a variety of adjectives. Pupils are free to choose some or all of the below foods to try.

Pupils may be tasting anything from the following list:

- Mango
- Lychee
- Passion Fruit
- Rambutan
- Dragon fruit
- Physalis fruit
- Jackfruit
- Pomegranate
- Durian fruit
- Papaya
- Crickets
- Buffalo worms
- Black ants
- Mealworms
- Locus

To ensure that allergies are not an issue on the day, I would be grateful if you could sign and return the permission slip below. If this form is not returned, the pupil cannot take part.

C McClean
English teacher

.....
I (*Parent/Guardians name) _____ give permission for my child to taste any of the foods in the below list should my child wish to. If there are foods they cannot try please place an 'X' beside them.
