October 2017

Year 11 Parent Teacher Consultations

Year 11 students are now completing controlled assessments and working towards module examinations at the end of this year.

It is important for teachers and parents to meet to discuss issues which may have an impact on progress and to consider how we can best support our students both at home and in college as they work towards their final examinations.

To this end, a parent consultation afternoon has been organised for **Thursday 9th November from 1:00pm – 3:00pm**

During this consultation afternoon, students and parents will have the opportunity to meet with individual subject teachers.

Students will be given a form in registration prior to the consultation afternoon to arrange appointments with subject teachers.

Once again many thanks for your continued support.

Colin Jones
Pastoral Coordinator
